

Which **THETFORD** Care products do I need?

Care products

The range of available Toilet Care products may vary for each country

Special products require special care. Our products are there to guarantee trouble-free and comfortable use of your portable or Cassette Toilet. You can rely on our many years of experience in developing Toilet Care products!

TOILET BOWL CLEANER

- Removes hard water and soil deposits while absolutely safe for plastic and toilet seals
- Descaling qualities ensure a smooth surface of the toilet bowl, preventing growth of soil
- Provides optimal hygiene and

BATHROOM CLEANER

- Powerful cleaning agent for daily maintenance
- Safe for all plastic surfaces, guarantees perfect hygiene
- Active foam removes calcium deposits and gives a lovely shine

SEAL LUBRICANT

- Lubricant for periodical care and maintenance
- Protects and lubricates seals, locks, hinges, awning rails, bicycles, etc.
- Specially developed for toilet seals, ensures pliability

TIP!

Did you know that most household products can be harmful to the plastic of mobile toilets? The aggressive ingredients can damage the blade or other components causing defects to the mobile toilet. Special materials need special care.

creates shine and brilliance

- Thick concentrated formula coats the bowl for better cleaning and targets hard to reach areas
- Thoroughly cleans toilet bowl, leaving a lovely fresh scent behind

- Absolutely safe for plastic (unlike most ordinary lubricants)
- Always useful to have ready-at-hand

TIP!

Never use Vaseline or any vegetable oil to lubricate the seals. These may cause leakage to your waste-holding tank. Instead, use Thetford Seal Lubricant which is specially developed for mobile toilets and is absolutely safe to use. Regular use on the blade seal of the toilet, for example, ensures that it always stays pliable and will last longer.

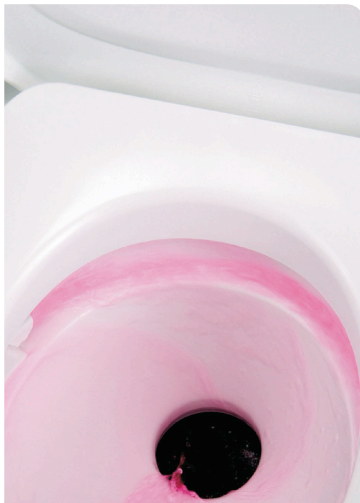

Care products

Flush-water tank and toilet paper

The range of available Toilet Care products may vary for each country

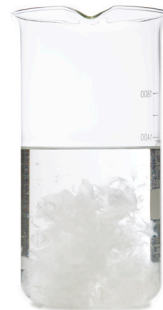

AQUA RINSE

- Lavender scented toilet fluid for daily use in flush-water tank
- Keeps the flush water fresh and ensures a smooth flush
- Leaves a protective layer preventing deposits forming
- Environmentally conscious: awarded the Dutch and German Environmental Seal (Milieukeur/der Blaue Engel)
- Can be emptied into a septic

AQUA SOFT

- Super-soft toilet paper specially developed for mobile toilets
- Quickly dissolves and prevents clogging
- Prevents damage while protecting moving parts
- Easier to empty the waste-holding tank

Aqua Soft toilet paper

tank (Test ISO 11734)

TIP!

For a perfectly fresh and clean toilet, we also advise to use Thetford Toilet Bowl Cleaner and Bathroom Cleaner. Why? Because Toilet Bowl Cleaner removes hard water and soil deposits, while providing optimal hygiene and brilliance of the inside of the toilet bowl. And with Bathroom Cleaner the outside of the bowl (as well as all other plastic surfaces of the caravan and motor home) can be safely and thoroughly cleaned, giving a lovely shine and guaranteeing perfect hygiene.

TIP!

You don't have a flush-water tank? You can still use Aqua Rinse for a smooth and fresh lavender scented flush. Simply pour Aqua Rinse in a sprayer can and spray the fluid evenly into the toilet bowl before use!

Ordinary toilet paper

Flush-water tank and toilet paper

Waste-holding tank ('green' everyday care)

The range of available Toilet Care products may vary for each country

Safe emptying waste-holding tank

Our Toilet Care products satisfy the highest environmental standards: they are not only up-to-date with the latest developments but also ahead of legislation with regard to quality, safety and the environment. Thetford is the only brand in Europe with both Milieukeur* and der Blaue Engel* (Dutch and German environmental quality labels) and is the preferred Toilet Care brand for the environmentally conscious consumer!

AQUA KEM GREEN

- Toilet fluid with biological action for everyday use
- Environmentally conscious: can be emptied into a septic tank (Test ISO 11734)
- Lasts 4 days with average use
- Awarded with Milieukeur and

AQUA KEM NATURAL

- Neutral pearls with biological action for everyday use
- Pre-packed in handy, lightweight pouches (1 pouch = 1 dose)
- Environmentally conscious: can be emptied into a septic

Our 'green' products*, Aqua Kem Green, Aqua Kem Natural and Aqua Rinse (Test ISO 11734) are absolutely safe to empty into a septic tank or other kinds of small biological systems on the camp site. And that's good to know as more and more camping sites are recommending their guests to use 'green' products.

der Blaue Engel (Dutch and German environmental quality labels)

- tank (Test ISO 11734)
- No dye or strong perfume. Pleasant and light natural scent.
 - Lasts 4 days with average use
 - Awarded with der Blaue Engel

- * Dutch 'Milieukeur' received for Aqua Rinse and Aqua Kem Green
- * German 'der Blaue Engel' received for Aqua Rinse, Aqua Kem Green and Aqua Kem Natural

Waste-holding tank ['green' everyday care]

Waste-holding tank (everyday care)

The range of available Toilet Care products may vary for each country

Q: Do you really need to use special products for the waste-holding tank?

A: The answer is yes, if you want to be guaranteed trouble-free and comfortable use of your mobile toilet.

Thetford offers a variety of waste-holding tank products that all serve the same purpose: they all suppress unpleasant smells, stimulate the breakdown of waste, reduce the formation of gas, protect moving parts, and help keep your waste-holding tank fresh and clean. The products vary, amongst other things, in scent, user application and (biological) composition. Each waste-holding tank product has its own distinguishing qualities, so there is something for every one.

AQUA KEM BLUE

- Powerful toilet fluid for everyday use
- Lasts 4 to 5 days with average use

AQUA KEM BLUE

Light

- Specially formulated toilet fluid for short and light use (max 3 days effectiveness)
- Keeps the waste-holding tank pure and clean
- Stimulates the breakdown

AQUA KEM SACHETS

- Pre-measured sachets, for everyday use which completely dissolve in water
- Applies the right dosage easily and economically
- Lasts 4 to 5 days with

of waste & suppresses
unpleasant smells

average use

TIP!

Using the mobile toilet with water or using a ventilator to draw off bad smells will simply not do the trick. Certainly it will help a little, but our experience has shown that you will encounter problems with unpleasant smells when emptying the tank. Also, the tank is likely to get damaged, or wear out faster without the use of toilet fluids.

TIP!

Aqua Kem Blue is a well-balanced product that is carefully compounded. Thanks to its excellent and powerful performance (tested by independent institutes) it is the most popular toilet fluid for the waste-holding tank.

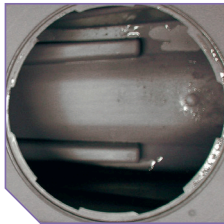

Waste-holding tank (everyday care)

CASSETTE TANK CLEANER

- Powerful cleaning fluid for periodical care and maintenance
- Easily removes stubborn calcium deposits that can form on the inner side of the tank
- Easy to use, scrubbing is not required
- Pleasant, fresh scent
- Prolongs the lifespan of the waste-holding tank
- Perfect for periodical use [2 to 3 times per year]

Before

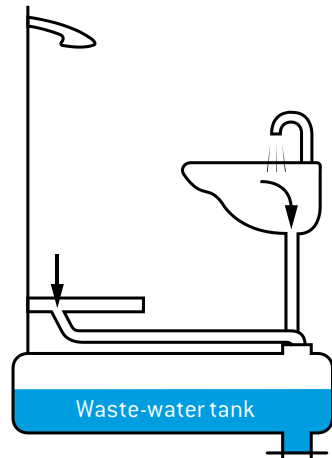

After

TANK FRESHENER

- Effective fluid for daily care of your vehicle's waste-water tank and pipes
- Reduces deposits and grease contamination in your waste water tank and tubing
- Prevents unpleasant smells from the waste-water tank, shower, washbasin or sink
- Promotes trouble-free discharge of your tank
- Improves hygiene

Waste-water tank

TIP!

Did you know that the motion caused while driving a caravan or motor home will improve the performance of Cassette Tank Cleaner? Simply fill the waste-holding tank with Cassette Tank Cleaner, drive home and when you arrive, your waste-holding tank will be spick and span and ready for storage.

TIP!

Never use household cleaners to clean your waste-holding tank. These may cause permanent damage to the seals and other toilet components. Instead, we advise cleaning the seals and valve blade with Thetford Bathroom Cleaner.

TIP!

Nasty smells from the shower, washbasin and kitchen of your caravan or motor home? Use Tank Freshener for a refreshing start to your holiday!
